Cookies Policy

Information about our use of cookies

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive.

We may use some/all of the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, get a quote and/or purchase a policy.

- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

Please note that the insurance companies, who assist in providing you with quotes and provide policies of insurance may also use cookies, over which we have no control.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we again have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

More information about analytical cookies

We use Google to provide our analytics data. You can read more about how Google Analytics treats your data at: Google: Safeguarding your data.

You can also read Google's full privacy policy.

How do I control analytical cookies?

Google provides a tool to opt-out of Google Analytics. This is available for all modern browsers in the form of a browser plugin.

Controlling cookies within your browser

You can block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site.

Browser manufacturers provide help pages relating to cookie management in their products. Please see below for more information.

- [Internet Explorer](#)
- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Safari](#) (Desktop)
- [Safari](#) (Mobile)
- [Opera](#)
- [Opera Mobile](#)

For other browsers, please consult the documentation that your browser manufacturer provides.

If you have any queries or technical issues with blocking cookies or your browser, please contact your browser directly.
